The documents can be downloaded from the Culture South West web site at:

<http://www.culturesouthwest.org.uk/downloads/index.asp>

and they are:

1. Joining the Dots: cultural sector research in the south west (2003) at <http://www.culturesouthwest.org.uk/downloads/list.asp?CategoryID=61>

This includes an explanation of the Regional Cultural Data Framework/ DCMS Evidence Toolkit which will be useful to you.

2. Creative Industries Sector Snapshot (Key Questions on Regional Impact) at <http://www.culturesouthwest.org.uk/downloads/list.asp?CategoryID=73>.

These were commissioned for each of the 9 English regions by the DCMS in 2004.

3. 2020 Vision: cultural and creative futures for the South West at <http://www.culturesouthwest.org.uk/downloads/list.asp?CategoryID=72>

This is a visioning and foresighting paper which was also completed in late 2004.

There is lots of other material on this site which might be interesting but these documents will inform the context of the 25 October presentation.
